### EDUCATION

2022-2026 (ongoing)

VIGNAN'S LARA INSTITUTE OF TECHNOLOGY AND SCIENCE

- Computer Science Engineering- Artificial Intelligence (CGPA: 8.3)

2020-2022

SRI CHAITANYA COLLEGE

- MPC
- SCORE: 92%

### SKILLS

- Python, Java, C ,JavaScript
- Web Development: HTML5, CSS3, JavaScript, React.js (Learning)
- IBM Cloud.Git, GitHub
- Database Management: MySQL.
- Leadership,Adaptive Learning
- Business Strategy,Growth Mindset

### LANGUAGES

- English (Fluent)
- Telugu (Mother)
- Hindi (Fluent)

### PROFILE

An Aspiring Computer Science Engineer with a specialization in Artificial Intelligence (AI) and Machine Learning (ML), currently pursuing B.Tech. Passionate about data science, cloud computing, and web development. Skilled in Python, Java, C, and AI/ML frameworks. Seeking internship and project opportunities to leverage technical and business skills for real-world applications.

### WORK EXPERIENCE

#### certificates

2022- PRESENT

- Artificial Intelligence (AI) – Microsoft
- Introduction to Cloud Computing,AI,Java- IBM (edX)
- Business and Data Analysis – FullbridgeX
- Web Development – LinkedIn Learning (in progress)
- The Joy of Computing using Python,Introduction to ML,Programming in Java-NPTEL
- Infosys-ML,DL
- 2 Star Codechef Coder

#### projects & Experience

2022 - PRESENT

- Employee Tracking System (Mini Project)-- Lead
- Developed a web-based application for employee tracking, featuring real-time updates and secure login with JavaScript and React.js.
- Utilized MySQL for database management and Node.js for backend.
- worked in Online Hotel Management System development and learned many aspects.

#### Internships

2022 - PRESENT

- Intern – Artificial Intelligence and Machine Learning
- Edunetshell | 4-Months
- Gained hands-on experience in applying machine learning algorithms and data preprocessing techniques to real-world datasets.
- Contributed to the development of AI models in Python for predictive analytics.

### ADDITIONAL SKILLS

- Problem Solving: Strong analytical and data-driven approach.
- Leadership: Experienced in leading teams and meeting deadlines.
- Communication:Clear written and verbal skills for technical explanations.
- Time Management: Effective at prioritizing tasks and handling multiple projects.
- Active in Cricket and Volleyball, with a focus on teamwork.
- 2-star coder on Codechef, skilled in competitive programming.
